Caregiving touches everyone's lives at some point and direct care workers and family caregivers are at the forefront.

You provide a "stellar" service while often going at "warp speed" and sometimes feeling as if you are "lost in space." We know you are constantly "reaching for the stars" in providing the best care/support. You are truly "out of this world."

THAT'S WHY...

We are "over the moon" that this conference will provide:

- A "galaxy" of workshops from which to learn
- A chance to "discover" new tools and resources
- A "rocket booster" to help motivate you
- A chance to "cool your jets" with others in your "atmosphere"
- An "observatory" where you can receive health and oral care screenings

Registration materials will be available in early July. Keep checking our website for updated information: iowacaregivers.org

Iowa CareGivers is "all systems go" for the 2019 annual conference, **CAREGIVING: IT'S UNIVERSAL!**

"There are only four kinds of people in the world: those who have been caregivers, those who are currently caregivers, those who will be caregivers, and those who will need caregivers."

– Former First Lady Rosalynn Carter
