Re: Jasper County Home Care Aides Complete Prepare to Care

Jasper County Health Department has 6 full time Home Care Aides and they have all completed the Prepare to Care core curriculum. The Prepare to Care training is a series of 6 courses and testing for each area for competency. All six of the pictured Home Care Aides passed the six courses and received a Certificate of Achievement from Prepare to Care.

“I am very proud of all of the Home Care Aides and their accomplishment of completing the course. These courses help strengthen their skill level working with people and also their confidence. We are so blessed with an experienced and caring team that is dedicated to taking care of clients in their home in Jasper County.” Becky Pryor, Administrator. The Home Care Aides have a combined total of 87 years at Jasper County and they have served thousands of patients over the last decade.
